

Personalized physiotherapy from your first session

- Complete individual assessment
- Hands-on treatment
- Personalized home exercises
- Tracking your progress

Your dedicated physiotherapist works collaboratively with nursing staff, healthcare aides, physicians, families, and other members of the care team to deliver coordinated, individualized physiotherapy care.

Insurance & Coverage Support, Done Right!

We handle the paperwork so you can focus on what matters most—your health, comfort, and quality of life. InHome Physical Therapy offers direct billing to most major insurance providers, with caring support every step of the way.

We also assist clients covered by WCB, motor vehicle accident claims (MVA/MVC), and Veterans Affairs Canada (VAC), helping coordinate approvals in advance to ensure your coverage is straightforward and worry-free.

PHYSICAL THERAPY

Bringing Compassionate
Physiotherapy Care Directly to You

Supporting independence, mobility, and quality of life — one client at a time.

How can we help you?

- Back and neck pain treatment
- Fall prevention
- Post-surgical rehabilitation
- Neurological physio
- Dry needling
- Chronic Pain Management

InHome Physical Therapy provides compassionate, fully mobile physiotherapy services within your home, assisted living, independent living, and long-term care environments.

Our physiotherapists work collaboratively with facility teams to support resident mobility, safety, function, and overall well-being — all within the comfort and familiarity of your facility.

Compassionate Client Experience

Care begins from the very first phone call.

Our dedicated Client Support team provides compassionate, individualized assistance to residents and families navigating care decisions. Every caller speaks directly with a real team member who takes the time to listen, understand concerns, and coordinate care thoughtfully and professionally.

Care Close to Home

Proudly serving Albertans in Edmonton, Calgary, and surrounding communities since 2005, delivering trusted, high-quality care directly to your door.

Daniel was excellent with my 90 year old Mother. She was so thankful for all of his explanations and how gentle and kind he was.

Joey Silva, a physiotherapist, came to our home today to help me with recovery from knee replacement surgery. I had lost hope and was not doing my exercises. He has given me a sense that I can do what he showed me... a great guy!

Curtis has provided helpful exercises to strengthen my leg, and I am hoping this will eventually reduce much of the muscle pain. I appreciate the convenience of the in home service, especially now that it is winter and road conditions can be unpredictable.

Our experience was fantastic!! Thank you Safi for listening and making my Dad and myself feel valued. My Dad deserves to live his best life for as long as possible.
